

CW35

Style Setter

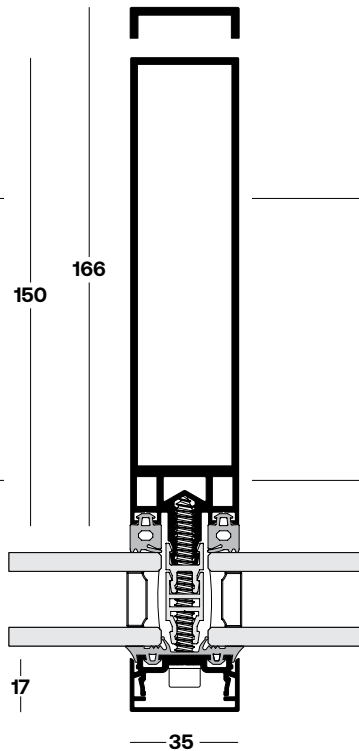

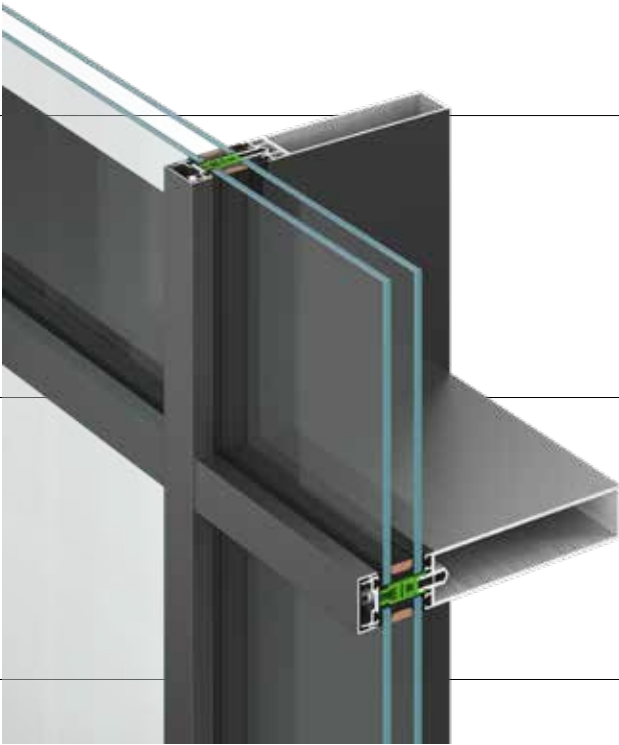

ID

Simplicity at its best, SKYLINE CW35 is the new generation of Aluminco's curtain wall system, which offers maximum transparency due to minimal face widths of just 35 mm wide. The ultra-thin lines of the system allow your living spaces to be filled with panoramic views and natural light.

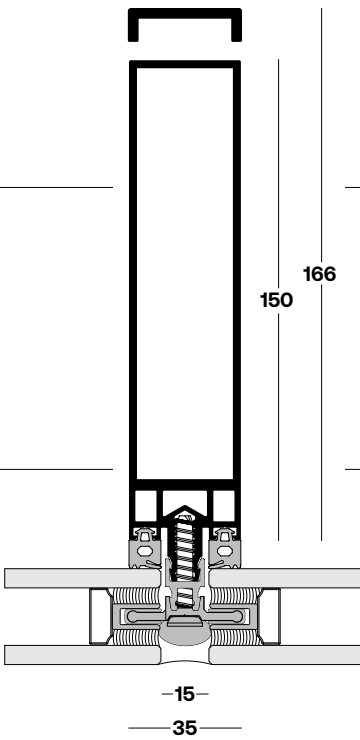

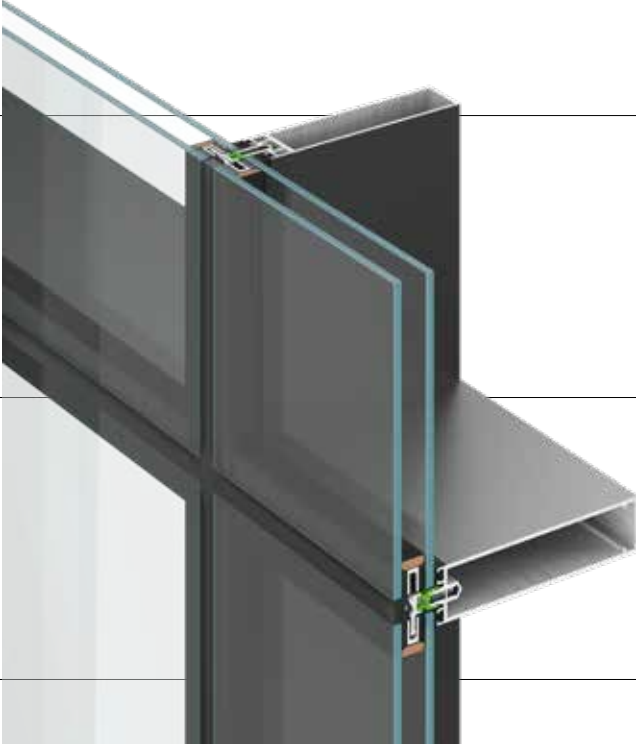

- Slim facade design allows for maximum light penetration
- Transparent facade offers breathtaking views
- Two body types in contemporary and industrial -look- design
- Exceptional thermal and acoustic insulation
- Combines perfectly with the SKYLINE W85^{HS} for large facade frames
- Ideally suited for luxury residential and commercial environments
